

Dear Families,

Our students will have free access to the myON digital library and daily news articles they can access from home during the current COVID-19 school closure period.

This will help them continue reading and learning—and provide additional opportunities for them to explore topics they are interested in.

What's available

Five daily **myON News articles**, which are written by journalists and reviewed by a child psychologist, along with an archive of previous issues.

These resources can be accessed on any digital device that is connected to the Internet and are available 24/7. myON books can also be downloaded onto mobile devices for offline reading.
